

The *Heritage News* Crossword Challenge

Here's a crossword puzzle for Crowsnest Pass history buffs with lots of time on their hands. Each word is mentioned within an article in a past edition of *Heritage News*, all of which are online at www.crowsnestheritage.ca under the 'heritage newsletter' link. Each clue includes the edition number which the word appears in (you might have to read through carefully), except for 47 Across where the word is already completed. After everything else is filled in, determine the Mystery Words (26 Across and 44 Down), with the clue "sometimes partners, sometimes rivals."

Don't give up! The solution will accompany the June edition of *Heritage News*.
